PROJECTS

Y1 S2

Online Vehicle Rental System (IWT Project)

I have used HTML, CSS for create & style web pages & for backend used PHP

Y2S2

Online Fruits & Vegetable Buying & Selling system (ITP Project)

I used "MERN" Stack for develop this web application. Created the online payment page with CRUD operations in the system.

Y3S1

"Riyasewana" Website User Interface Redesign

Researched the issues of current status of the website, improved visual design with modern solutions & created the new interfaces using Figma.

Y3S2

Explore Lanka - Preference Based Personalized Tour Planner

I used "MERN" Stack for develop this web application. Created the Admin panel & online payment page with CRUD operations in the system.
